

**Lesson Overview:**

This week we will begin our new series “Servolution”. This month we will look at how important serving together as a team is in accomplishing the mission of Christ. Each of us plays a critical role in the Body of Christ and need to join the team to accomplish the mission of Christ. As we join the team we need to approach our role with the correct heart of a servant. This week we will look at a story of Jesus life and how he was willing to sacrifice his will for the will of the Father.

**Lesson Prep for Leaders:**

Main Bible Passage: Luke 22:29-46

**Questions to ask yourself:**

- What do you think was going through Jesus mind during his prayer?
- What do you think pushed Jesus to do something he didn't want to do?
- How have you seen your will competing with Gods will? How have you responded when there was conflict and how did these situations play out?
- How can setting a strong foundation with the right heart and mindset toward service create a strong team which wins for Christ?

**Icebreaker** (5 Min): What teams have you seen that win consistently? Why do these teams win?

**Students Lead** (5 Min): How hard is it for you to give your will over to God? How does your will compete with what God wants for your life?

**Discussion Questions** (10 Min):

- How did Jesus model giving up his will to God? What can we learn from this?
- How does developing a servant's mindset help the church function at a high level? How does this mindset impact those around you?
- What do you see as the outcome of everyone sacrificing their will for the needs of others?

**Next Steps** (2 Min): This week how can we make the heart change to sacrificing our will for the needs of others and the heart of God? What do you need to do? Who can you serve this week?

**Prayer** (2 Min): Close your time in Prayer.
