### Small Group Plan

A Small Group is a group of 3 or more people who Connect, Grow, Serve, Pray and Give together. This style of "doing life together" will provide community, promote growth in all the members and empower people to lead within their unique gifting and purpose.

Since God has empowered us to connect, grow, serve, pray and give together, our desire is for each small group to reflect these behaviors and empower members to lead through contribution in activities that support these behaviors.

**In thinking about the above, do you have any initial ideas about how your group will Connect, Grow, Serve, Pray and Give together? Don't worry - these plans will continually**

**Which demographic BEST describes your planned small group?**

**Launch Plan**

As you launch your group, one effective way to gather potential members is to host a 'Group Social', or 'Open House' as some call it. This is simply an opportunity for you to host a gathering and share your vision for your group. People then will have the opportunity to join your group if it seems a good fit. If you choose this option, our Small Groups Team will assist you with advertising and managing RSVP's.
