

Lesson Overview:

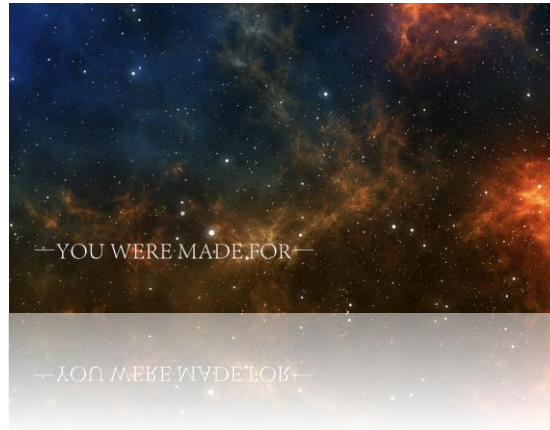

This week we continue our series “You Were Made For”. We will take time this month to develop the simple truth that we were created to be instruments of worship and live our lives in worship to God. This week we continue our conversation by looking at “The Power of Worship”. When we take time to focus on a great and powerful God who is present in our lives it provides access to his throne room. In the presence of God, we experience true life change. We see situations differently, we move from a place of defeat to victory, and we can have peace in the fiercest of storms.

Lesson Prep for Leaders:

Main Bible Passage: 2 Samuel 12

Questions for Leaders to ask yourself:

- How was David able to turn to worship within the struggle of the situation? Why was this where he turned for comfort?
- How has worshiping God benefited you in your personal life?
- Worship can be a powerful atmosphere changer, how can you lead your students to understand the impact of worship in their daily lives?

Icebreaker (5 Min): Take time to ask students about their favorite part of summer, who is going back to school soon? What schools will they attend?

Students Lead (5 Min): Has there ever been a time where you were mad at God and did not want to worship?

Discussion Questions (10 Min):

- How can worship change your mindset, or the outlook of a situation? Why is worship so effective at changing our perspectives on situations?
- How have you seen worship impact your life? Has it ever help you in a situation.
- How can we practically allow a heart of worship to lead us and impact us every week?

Next Steps (2 Min): Take a few moments for check in with each student to see how their week of personal time with God went. Continue to encourage each student to take personal time this week for worship. Discuss ways they can change up their routines or try something different this week.

Prayer (2 Min): Close your time in Prayer.
