Dear City Reaching Partner Applicant,

On behalf of Crossroads Fellowship's City Reaching Foundation I want to say "thank you" for the kingdom building work you are doing in the city! It is indeed a high calling to serve so sacrificially day after day, and I know your labor will not be in vain.

Our City Reaching Foundation has been in existence since 2008 and over those years we have had the extreme blessing of partnering with your ministry or agency for a season of your journey. We are grateful. Our experiences have allowed us to become more and more focused about our vision and strategy with our partnerships as we go forward. I will share some criteria we will now filter all requests through, consistent with our vision for the city:

1. Are you a Christian faith based non-profit? If not, can you describe how faith intersects with your mission through staff, program, or values?
2. Describe the faith impact of your efforts?
3. What is the proximity of the ministry/agency to our campuses?
4. What services can you provide to persons in need from our congregation?
5. What are the specific volunteer opportunities for our congregation?
6. Can you provide a tax form 990 from the previous tax year?
7. What is the specific, quantifiable impact of Crossroads' grant?

We will be reviewing all grant requests through the lens of the criteria listed above. This will help us make decisions with the resources we have available to reach the city.

Sincerely,

Val Edwards

Crossroads City Reaching Foundation
