Special Note: Please be in prayer for your conversation today and this month. We will focus our discussions which should lead to honest conversation. Pray before your breakout and ask students to be honest during the conversation

Breakout discussion (20 Min):

- Why do you think it is important to have a personal prayer time and place?
- How are you at praying regularly?
- How can we hold each other accountable to prayer as a group?
- What was said today that stood out to you the most? How will you apply it to your life this week?

Next Steps (5 Min): Have each student write out their personal prayer plan. What time, what location, and how long will they commit to praying this week?

Prayer (2 Min) Take requests and pray for them. Have everyone write them down.
